Subject: Oppose HB5408 due to lack of constitutional due process

Attention Members of CT Public Safety and Security Committee,

With all due respect to your office,

I take exception to the lack of constitutional due process of law that is missing from HB5408. The fears of the few do NOT obviate the constitutional and moral rights of the many. Our Rights that are established in our Federal and State Constitutions mandate that due process be clearly incorporated into each and every piece of legislation, and there there is no excuse for passing any piece of legislation that neglects to incorporate and honor said rights. There is no moral excuse for trying to circumvent what our respective Constitutions establish as THE Standards for all laws in our State and Nation. Because of your sworn duty to support and defend our Constitution, I expect you to kill HB5408 in committee and NOT let it go any farther in the legislative process.

Thank you for your public service.
